

SLC SmartOne Zigbee Dimmer

03/06/2024

S24029

Product description

Technical data

Assembly arrangement	Modular device for domestic switching devices
Dimming phase cut-on	Yes
Type of load	Universal and LED Retrofit
Applicable with button	Yes
Mounting method	Module frame
Material	Plastic
Halogen free	Yes
Colour	White
Suitable for degree of protection (IP)	IP20
Frequency	50 - 60 Hertz
Core cross section	0,35 - 2,5 Square millimetre
Device height	59 Millimetre
Control type	Zigbee
GTIN	7070938070218

Method of operation	Turn/push button
Dimming phase cut-off	Yes
Light value memory	Yes
Applicable with transmission button	Yes
Type of fastening	Mounting with screw
Material quality	Other
Surface finishing	Glossy
RAL-number (similar)	9010
Nominal voltage	100 - 230 Volt
Connection type	Screwed terminal
Device width	59 Millimetre
Device depth	32,7 Millimetre
Brand	SLC
Produced by	The Light Group
