

## SLC Mini Neon Flex LED Side Bend Plain White

02/11/2022

### S16137

### Product description

The SLC Mini Neon Flex is a super slim LED-Strip that is moulded in high-quality silicone. Therefore, it provides many options for new kinds of applications.

The SLC Mini Neon Flex is a super slim LED-Strip that is moulded in high-quality silicone. Therefore, it provides many options for new kinds of applications.

It is UV and saltwater resistant.  
Side bend

Available with or without wings for recessed mounting. Up to 10 meters on one connection. Can be cut at any length. Applications: both indoor and outdoor (IP54) such as decor lighting, garden lighting, effect lighting and more

### Technical data

Model	Hose
Lamp type	LED not exchangeable
Lamp power per meter	6 W
Voltage type	DC
Beam angle	120 °
Rated life time L70/B50 at 25 °C	50000 h
Protection class	III
Colour of light	White
Colour rendering index CRI	90-100
Height/depth	8,5 mm
Lowest bending radius	30 mm
With end piece	Yes

Mounting method	Surface mounting/recessed mounting
Number of nodes per meter	120
Luminous flux per meter	160 lm
Lamp voltage	24 - 24 V
Type of control gear	LED operating device voltage-controlled
Degree of protection (IP)	IP54
Max. system power	60 W
Colour temperature	3000 - 3000 K
Width	4,5 mm
Length	10000 mm
Length of particular segments	1 mm
With connection set	Yes

With protective cover	Yes
Number of poles	2
Connection type	Solder
Cutting point, every: (mm)	1
Exterior color	White
Dimming method	Pulse Width Modulation (PWM)
Dimming range	1-100%
Produced by	The Light Group

Type of wiring	Ending
Conductor cross section	0,35 mm <sup>2</sup>
LED-Strip length (m)	10
Max length per connection:	10 meter
Operating temperature	-20°C ~ +45°C
Dimmable	Yes
Brand	SLC
